AFL Council Convenes To Map Active Role In Fall Elections

By James Y. Newton
Star Staff Correspondent

CHICAGO, Aug. 12.—The AFL Executive Council began sessions here today which will chart a course of political action designed, in the words of President William Green, to see to it that "the more liberal candidates are named to Congress" in the fall elections.

The federation, Mr. Green indicated, will be more active politically this fall than at any time in its history. A formal organization such as the CIO's PAC will not be set up, but plans will be laid more extensively than heretofore to get out the labor vote.

Mr. Green and other top AFL executives feel that labor was betrayed by the Seventy-ninth Congress. They will make a greater effort than in the past to do something about it.

Liberals to Be Backed.

"We are going to try to get a better Congress from our point of view," an AFL spokesman said. "We are going to see that the men elected will support the many pieces of legislation designed to help the working man which were defeated in the present Congress. We will support liberals of both parties."

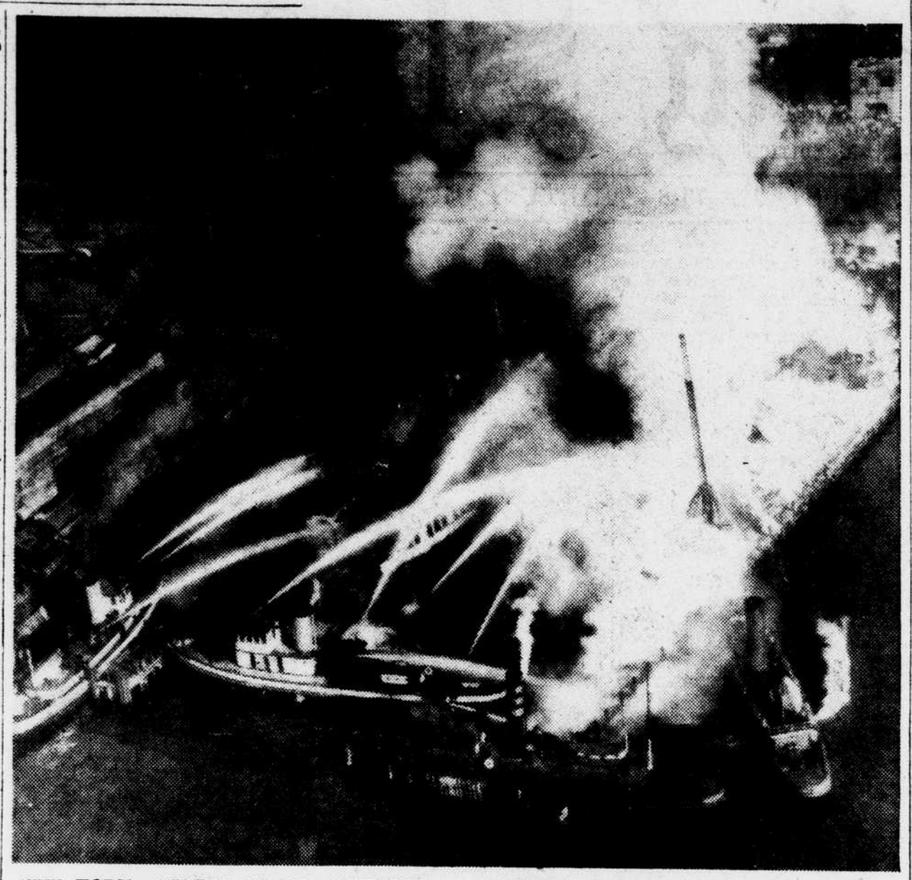
The AFL plan is to make certain that State federations and central bodies are intensely active in the local campaigns—to assure "that our people vote," as the spokesman said. He admitted that this would be difficult in an off-year election. But the prediction was freely made that the size of the labor vote this year "will amaze the politicians." This was based on the theory that the working man feels "he has been betrayed on price control."

The AFL council will draft a legislative program for the next session of Congress which will include raising the statutory minimum wage, health insurance, increased unemployment benefits, broadened social security and a national housing program such as was provided in the Wagner-Ellender-Taft bill, which was not acted on by the Seventy-ninth Congress.

An economic program also will be evolved. The council is expected to have much to say about wages and prices.

A blast at Secretary of Labor Schwellenbach is being prepared because of his reported intention of appointing a CIO member as delegate of American workers to the September conference of the International Labor Organization in Montreal. It would mark the first time that the delegate has not been from the AFL, and federation members resent any implication that they should not be considered the dominant labor organization.

Reports on the AFL's Southern organizational drive will be heard and plans made to intensify it.



NEW YORK.—STATEN ISLAND SHIPYARD IN FLAMES—Fireboats throw water on the Brighton Marine Shipyard in an effort to control a fire which spread to two ferryboats in drydock and threatened a number of smaller craft yesterday. The three-alarm blaze brought out 14 fire companies and three fireboats. Three firemen and a watchman were injured and damage was estimated at $300,000. The Staten Island yard was used as a drydock for the Delaware, Lackawanna & Western Railroad's ferryboats and barges. —AP Wirephoto.

Campbell Soup Walkout Is Postponed 24 Hours

By the Associated Press

Federal conciliators early today announced a 24-hour postponement of a strike which had been set for 4 a.m. by a CIO union at the Camden (N. J.) plant of the Campbell Soup Co.

Conciliation Commissioner Peter J. Manno said representatives of the CIO Food, Tobacco, Agricultural and Allied Workers' Union agreed to the postponement two hours before the strike deadline after long talks with Federal and company spokesmen.

The new strike deadline is 4 a.m. tomorrow. The postponement was arranged at the request of the Government conciliators, seeking to avert the scheduled walkout of 8,000 workers at Camden. The plant is preparing to handle a $5,000,000 New Jersey-Pennsylvania tomato crop.

Swedes to Publish Findings On Ghost Rocket Inquiry

By the Associated Press

STOCKHOLM, Aug. 12.—Swedish military authorities plan to publish within the next few days a communique on an investigation they have been making of the "ghost rockets" that have been streaking daily over Sweden since early July, leaving little doubt that the country has become an experimental target range.

Official sources have refused to speculate on the source of the mysterious spool-shaped missiles, but it is generally believed that the rocket-propelled objects come from some place along the Baltic coast of Germany. Only in a few cases is it known that the missiles actually landed in Sweden.

Between July 9-12 authorities received 300 reports of the missiles and since then reports have poured in daily. Fragments examined by scientists gave little in the way of clues, except to indicate the presence of coke and other comon materials.

In general the rocket is described as a small object with a flaming tail, which speeds at great height, making little sound. The longest flight of any of the missiles, so far as military experts could determine, was about 600 miles, as compared with the range of 35 to 45 miles for the first German V-2 bombs.

Swedish newspapers have been cautioned not to publish the names of places where the rockets appear, so that the senders would not be provided with important data.

Midshipmen, Cadets Observe Amphibious Attack in Chesapeake

Midshipmen of the Naval Academy and cadets of the Military Academy witnessed an assault on Bloodsworth Island in Chesapeake Bay today as the initial major demonstration in Operation Camid, the first joint operation by students at the two academies.

Operation Camid, named by joining the words "cadet" and "midshipmen," is designed as an indoctrination course in amphibious warfare. It is under the supervision of Vice Admiral Daniel E. Barbey, commander of the amphibious force of the Atlantic Fleet and the man who trained and led the amphibious forces in the Southwest Pacific.

From the decks of transports, the men watched destroyers rain shells on "Blue Beach" to soften up the objective for a simulated landing by six waves of Marines. Then 60 planes—Avengers, Helldivers and Hellcats—bombed and strafed the "enemy beach," sending up clouds of smoke on the island, 90 miles up the bay from Norfolk.

The student officers, 350 from West Point and 450 from Annapolis, started back to Norfolk this afternoon for the remainder of the exercises, to be held at Little Creek and Virginia Beach.

Midshipmen From Area.

Midshipmen from the Washington area who are taking part include:

Nationalization Row Near Climax in Austria

By the Associated Press

VIENNA, Aug. 12.—The Allied Control Council appeared today to be headed for a showdown over the Austrian Parliament's decision to nationalize the country's industry—a decision which yesterday brought from Col. Gen. I. V. Kurrasow, Russian commander, a threat to invalidate the proposed law in the Soviet occupation zone.

Passage of the plan became assured Friday when Gen. Mark W. Clark, American commander in Austria, told the council he would withhold his veto. To prevent the measure from passing, all members of the four-power council would have to veto it.

The situation seemed clearly headed for a climax before the nationalization law goes into effect September 8.

Many Austrians frankly welcomed the prospect of a showdown, since they hold that Austria faces the prospect of being impoverished by continued Soviet seizure of her property.

It was reported that during Friday's meeting the French wavered on backing the American-British stand against Kurasov's request that they veto the nationalization law. The French were said to have taken the position that the Austrians had the right to nationalize their industry, but—like the Russians—the French did not want nationalization to apply to any industries they might claim as eventual reparations.

Navy Air Veteran Dies In 6,000-Ft. Plunge

By the Associated Press

PROVIDENCE, R. I., Aug. 12.—Comdr. Joseph Wayne Runyan, 33, of Terre Haute, Ind., fell 6,000 feet to his death in the sea yesterday after he was accidentally thrown through an escape hatch of a twin-engine trainer.

Comdr. Runyan.

Naval operating base officials at Newport said Comdr. Runyan, a co-pilot of the trainer, plunged without a parachute through the open hatch in the nose of the plane when it swerved while over Point Judith.

A private yacht recovered the body, supported by a Mae West life jacket.

Comdr. H. N. Funk, who with Comdr. Runyan was attending the General Line School, was piloting the plane, the Navy said. Both had gone to the Quonset Point Air Base, from which the plane took off less than three hours prior to the accident, for refresher flight training.

Unofficial reports said Comdr. Runyan was at the bombardier's position in the nose when the swerve of the plane threw open the escape hatch.

Comdr. Runyan, a veteran of the Pacific fighting aboard the carrier Yorktown, was commander of Bear Group 1 during a famed raid on the Marianas in June, 1944.

Survivors include his widow, Mrs. Bertha Runyan, a native of Surginer, Ala.; two sons, Darrell, 3, and Gregory, 8 weeks old, and his parents, Mr. and Mrs. Charles P. Runyan of Sherman Oaks, Calif.

No Failure of Banks Reported in Nation In Last 27 Months

By the Associated Press

There hasn't been a bank failure in the United States in 27 months, the Federal Deposit Insurance Corp. reported last night.

The FDIC said that of 14,740 banks in operation on June 30, 13,526, or 92 per cent, with deposits approximating $150,000,000,000, were insured by it.

Good Templars to Meet At Mt. Airy August 21

The 70th annual meeting of the Maryland-Virginia District of Columbia Grand Lodge, International Order of Good Templars, will be held August 21-22 in the Odd Fellows Temple, Mount Airy, Md. Raymond E. Hardy, grand chief templar of Baltimore, will preside.

The annual banquet will be held at 7:30 p.m. August 21, followed by business sessions the next morning. Dr. J. Raymond Schmidt, national superintendent of legislative work for the order, with headquarters in Washington, will speak at the morning session.

Plumber Kills Himself After Shooting Wife

Robert L. Tyler, 48, a plumber, of 607 Sligo avenue, Silver Spring, shot himself to death after wounding his wife at their home last night, Montgomery County police reported today.

Responding to a radio call to investigate "a man with a gun" at the address, Policeman Frank Griggs found the screen door of the two-story home locked, but saw Mr. Tyler sitting in a chair in the dining room and blood coming from a head wound. A .32-caliber pistol lay between his feet, police said. Police entered and found the wife, Marian, 44, upstairs walking in a dazed condition with a bullet wound in her chest.

Both were taken to the Washington Sanitarium where Mr. Tyler died at midnight. Mrs. Tyler's condition was reported to be good today.

Dr. Frank J. Broschart, Montgomery County medical examiner, said he issued a certificate of suicide for Mr. Tyler. Relatives said Mr. Tyler had been released from Washington Sanitarium earlier yesterday after a week's illness there. The couple had no children.

Dorothy Ball, Daughter Of Industrialist, to Wed

By the Associated Press

NEW YORK, Aug. 12.—The engagement of Dorothy Anne Ball, 20, daughter of Col. E. Arthur Ball, jar manufacturer of Muncie, Ind., and William Paul Pickhardt, II, of New York, was disclosed here last night.

Miss Ball was the object of a wide search last April after she disappeared from Mount Holyoke College, South Hadley, Mass., where she had been majoring in philosopahy. She was found in a Salvation Army lodging house in New York.

Mr. Pickhardt, a graduate student in chemistry at Yale University, is the son of Dr. and Mrs. Otto Carl Pickhardt of New York and Dorset, Vt.

B. P. O. E. Convention Opens at Frederick

By the Associated Press

FREDERICK, Md., Aug. 12.—The 26th annual convention of the Maryland, Delaware and District of Columbia B. P. O. Elks Association got into full swing today with the opening of the first business session of the four-day meeting.

More than 750 delegates, alternates and visitors had registered yesterday by the time the convention was opened with a memorial service in the Centennial Memorial United Brethren Church, and additional hundreds were expected today.

C. Ray Hare, past exalted ruler of the Salisbury lodge, was chairman of the committee in charge of the service.

A feature of today's business meeting is the nomination of officers. A golf tournament, sightseeing tour, trapshooting contest, bowlnig and a dance are on the social side of the day's program.

Election and installation of officers will take place tomorrow.

The convention will come to a close Wednesday night with a parade and dance.

Elevator Operators Under 18 Banned by U. S.

By the Associated Press

The Labor Department has banned employment of boys and girls under 18 years of age as elevator operators after September 1.

The department disclosed in a statement yesterday that operation of power-driven hoisting apparatus by those under 18 in establishments covered by the child-labor provisions of the Fair Labor Standards Act of 1938 was prohibited after a hearing.

Freight and passenger elevators, cranes, derricks and hoists and high-lift trucks are included in the order.

District regulations prohibit the employment of boys and girls as elevator operators until they have reached their 18th birthday.

Mrs. Alice Sheldon, director of the Department of School Attendance and Work Permits, said this restriction had been in effect "as long as I can remember."

No Women on Jap Throne

TOKYO, Aug. 12 (AP).—Japanese women's newly attained equality with men won't penetrate the imperial palace. A special legislative council deliberating on changes in imperial household law decided this point today.

All councilmen agreed that, "democratization" or no, a woman would not be eligible to succeed to the Japanese throne.

VA Will Seek Approval Of Hospital Tomorrow

Despite heated protests from Arlington County officials, the Veterans' Administration is going ahead with its proposal to erect a new 750-bed hospital for Washington veterans on a 23-acre tract beside Arlington National Cemetery, if it can get presidential approval, it was learned today.

Representatives of the Veterans' Administration real estate division are scheduled to meet tomorrow with the National Capital Park and Planning Commission to get its approval of the tract.

The commission last fall voiced opposition to a proposal to build an apartment development on the tract, contending a mass of buildings would interfere with the view of the Lincoln Memorial, which now has a backdrop of greenery.

47 Hurt in Balcony Fall

MANILA, Aug. 12 (AP).—Forty-seven persons were injured last night when an iron railing broke and they fell from the balcony of Santo Tomas University gymnasium during a basketball game. Overcrowding was blamed. Nearly 15,000 persons had jammed into the gymnasium, which has a seating capacity of 2,000.

O'Conor Pardons 9 Men With Good War Records

By the Associated Press

ANNAPOLIS, Aug. 12.—Nine war veterans involved in criminal cases before entering the Army have been given full pardons, Gov. O'Conor announced yesterday.

All have honorable Army discharges and several had outstanding service records, the governor said.

The pardons for the veterans whom Gov. O'Conor did not identify, were made upon the recommendation of the Advisory Board on Veterans Pardons appointed last year.

Gov. O'Conor said more pardon cases of men with good military records were under consideration.

"As a natural result my business improved"

After telling of his healing of physical illness through Christian Science, a business man continues in one of many similar letters reproduced in the Christian Science textbook,

SCIENCE and HEALTH
with Key to the Scriptures
by Mary Baker Eddy:

"Gradually...this...teaching...became a great help to me in my business. I became more friendly, more honest,...acquired better judgment and was able to do the right thing at the right time. As a natural result my business improved....

"My business had often been a burden to me, fear and worry deprived me of my rest. How different it is now! Through the study of the Bible...and of our textbook...I receive peace and confidence in God and that insight into character which is necessary for the correct management of any business."

The complete explanation of Christian Science and complete instructions for its use in healing disease and overcoming other difficulties, are given in "Science and Health with Key to the Scriptures."

Uncle Sam Says

You are still at war one year after V-J day. That's putting it bluntly, but I know from experience that you like straight-from-the-shoulder talk. Inflation at home has yet to surrender. United States Savings Bonds are still "War Bonds" in the battle for America's economic stability. You can combat rising prices by taking surplus dollars out of the market place. Your Government has provided a safe, profitable vehicle for saving these extra dollars—United States Savings Bonds. By investing in Savings Bonds regularly you are building a better America and a better life for you personally.
